

To our valuable patients:

We hope this message finds you well! The Oregon Governor has made an announcement that starting in May we are able to see patients.

Your health and safety is and has always been our first priority. As you return to our office, you will notice some changes in our appearance and operating procedures. We will be asking all of our patients questions regarding their health while confirming appointments and would appreciate you taking our call. We will request that if you have an appointment that you come alone and wear a mask if you have one available. There have been many changes here at our office and we are happy to walk you through them once you arrive.

While our office has been closed, we have been preparing to follow all guidelines given by the state to ensure the safety and well-being of you, our patients, and the team at Sunnyside Dentistry. We are prepared to take care of you and will be contacting you shortly to help with your dental needs. If you have not heard from us yet and are ready to schedule your next appointment, give us a call we are here to help you.

Thank you for your patience during this time.

Sincerely,

Sunnyside Dentistry
